DISPERSAL SALE

**Polled Scotch
SHORTHORNS**

January 16 - 1946

HARRIS & BRETHORST
Seymour, Illinois

STATEMENT

Polled Shorthorns of all kinds have found a ready demand during the past few years. However, the premium prices paid for the kind that display character, quality and top conformation have prompted all breeders to be on a sharp lookout for seed stock capable of producing these varieties. A more general infusion of strong Scotch blood into the Polled Shorthorn breed seems to be the order of the day. Harris & Brethorst have established their herd entirely on strong Scotch bloodlines and the dispersion of this herd will provide unusual buying opportunities. This herd has been maintained on a high plane. A grand lot of polled cows are included in the collection and there are also a liberal number of royally bred Scotch Shorthorn cows with excellent polled calves at foot.

The calves by the junior herd bull Ceremonious Confessor 2d x are an unusually promising lot. There will be twelve of them in the sale and nearly all of the females are in calf to his service. Those who are familiar with the bloodlines in this herd and with the record of the herd for prolificacy will agree that this dispersion is an event of great importance.

HAL LONGLEY of The Shorthorn World.

DISPERSION SALE

We are sorry to be selling this bunch of cattle. We just got them to the place where we could start producing top calves in sizable numbers. However, our decision to dissolve partnership with Mr. Harris and move to our own farm makes it necessary to sell everything.

For a time we considered the possibility of buying some of the cattle in the sale to take with us when we move. However, we have decided that it would not be fair to our many friends who put their trust in us, so every animal sells to the high bidder without reservation. And you will not be bidding against us.

The herd is in wonderful shape. Many of the cows are showing their own heavy guarantee, and they are all ready to go out and make money for you.

We want especially to call your attention to the Junior Herd Bull, lot 2, and the bull calves in the sale by him. We don't believe there has ever been an opportunity for you to get as many top herd sire prospects in one sale. The calves are young, but they will be ready to use next spring. And they won't be as expensive now as they will then. As to Ceremonious Confessor 2d., we believe he is the opportunity of a lifetime for someone who wants to go ahead and do things in the Polled Shorthorn business. He is sound and right in every way. Think about him.

Dad and I will have another herd one of these days, so when you want to come and see us we promise to show you something nice. We'll be looking for you Jan. 16.

Sincerely,
WAYNE BRETHORST

Sale Information

PLACE—The sale will be held at the Harris and Brethorst Big Elm Farm, located 3 miles north of Seymour, Illinois. Seymour is 12 miles West of Champaign-Urbana.

TIME—Sale will begin promptly at 1 P. M. Central Standard Time, January 16, 1946. The machinery and other livestock will be sold before the cattle. Sale of these articles will commence at 10:30 A. M. Cattle will be sold in a heated pavilion.

SALE CONDITIONS—Since this is a complete dispersal sale brought about by the termination of partnership, it is impossible for either partner to place a guarantee on the cattle. However, we have described every one as accurately as we know how. If any animal has a known fault, we have stated it in the catalog or will announce it sale day. The breeding dates are as accurate as it is possible to have them when the cattle are handled the way we do, all running out in the pasture, and the bull with them. We have watched the herd twice a day, and haven't missed many breeding dates.

HEALTH—We have had a state accredited herd for T. B. for years, and have tested regularly for Bang's. The last regular test for the latter was made in October. We have never had a reactor on the farm. We will run a special test again within 30 days of the sale to comply with Interstate requirements.

TERMS—Cash.

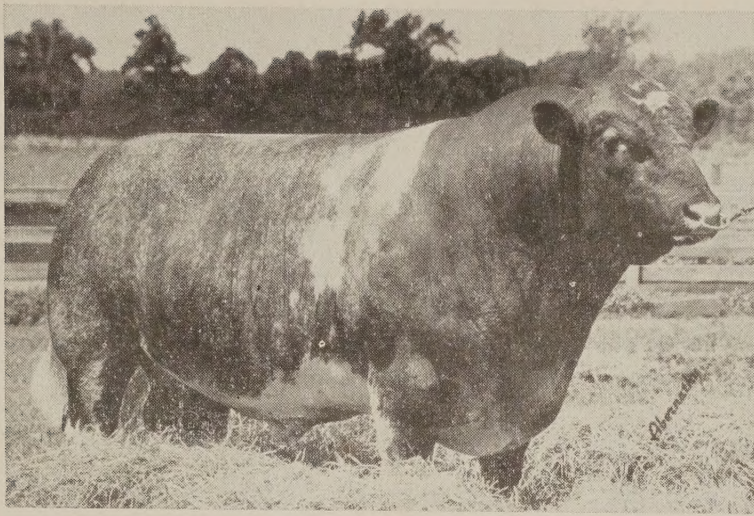

ENTERTAINMENT—Lunch will be available on the grounds.

AUCTIONEER—J. E. Halsey.

CLERK—M. J. Weaver.

Every precaution will be taken to assure the safety and pleasure of our friends sale day, but we will not be responsible in case of accidents.

Cattle will become the property of the purchaser when bid off.

Ceremonious Confessor—It is hard to write a footnote for this grand old bull. When we got our first crop of calves by him, we swore he would never leave this farm. However, this dispersal makes it necessary to sell him, and we feel as if we are betraying an old friend. However, we hope he will go into some good home where he will get the care he deserves.

Confessor's calves are uniformly good. They are smooth, wide, deep, sweet headed, and exceptionally thick flushed. Other noticeable characteristics of his calves are their straight, wide tops and easy feeding quality. We have never seen one of his sons or daughters that wouldn't get fat on good grass and hay.

The old boy is gentle as a dog, has never offered to do a thing out of the way. He is a sure breeder in the cool months, but won't settle cows in July, August and September, except in rare instances.

He sired the \$500.00 heifer in our last sale, also Ceremonious Confessor 2d, the great Junior herd bull selling as Lot 2. We have sold a lot of his sons and daughters to our neighbors and friends, and we have never had a customer who hasn't wanted another calf out of the old bull.

You be the judge of what this bull would be worth in your herd if he only sired half a dozen calves a year.

Ceremonious Confessor 2d—This is our Junior herd bull, and one of the best bulls in the country. He has his whole life ahead of him and is a tried sire second to none. He is a full brother to the top heifer in our last sale. His dam has never produced a poor calf.

We think Junior, as we call him, is one of the top individuals in the breed, good headed, straight topped, with well sprung rigs. He has a deep body set on short sturdy legs, and is beef clear to the hocks. We drove a thousand miles and saw a lot of bulls, but didn't find one to equal the one we had at home. We mated him to ten females, seven were horned. Of the ten calves nine were smooth polled. Only one can be called a mediocre individual. Several are real tops, good enough for any herd or any show. We are confident that someone will sense the value of Ceremonious Confessor 2d and put him in a herd where he can achieve the fame he certainly is capable of attaining.

Rosewood Lass—A beautifully bred Rosewood cow that is as good a producer as you would expect. She is the dam of several herd heading bulls, among them the great bull Lee Dale Guide, the \$500.00 bull we sold to Mr. Sampson in our last sale, and Rosewood Confessor, sold to Mr. Nicewander of Rantoul. Also the dam of Ceremonious Laird, the good bull calf listed below. This cow belongs to the famous family of Rosewoods that is producing so many show cattle in the Leemon herd. She is holding her age well and should be good for a lot more calves. Bred to Ceremonious Confessor x October 1, 1945.

We will venture the statement that there won't be a better bred calf offered for sale this year. Not only that, but this calf has all the things necessary in a future herd sire of special merit. He combines the blood of the two greatest bulls in the breed, Ceremonious Sultan and Highland Stamp. You will like this rugged, thick, nice headed calf.

Roan Lady 3d—A big, deep fleshed, wide backed young cow that comes from our best Red Lady family. Charlie Leemon once told us that she would be a great brood cow, and like always, he was right. We can recommend her to our friends and know they will still be our friends after they buy her. It hurts me to list this one. Bred May 20 to Ceremonius Confessor x. This mating should produce something good.

Roan Lady 6th—A nice, smooth, thick Polled daughter of old Roan Queen. I often stand and watch this heifer, wondering if she isn't the best daughter of old Roan Queen that we ever had. She can't be criticized a whole lot. So act on my tip and give this one plenty of consideration. You'll never be sorry. If you are taking out a show herd next year, you can use this one. She is quite a producer too, as her first calf listed below will testify. Bred to Ceremonious Confessor 2d September 21, 1945.

Some of you may call this calf a "compact" but we don't believe he is. We think he's plenty big for a heifers first calf, and he certainly is short legged and thick. He is built just like the \$750.00 Thieman calf we had the misfortune to lose last winter. We predict this calf will have plenty of friends sale day. By the way, how do you like his color? Red enough?

She comes by her flesh naturally, since she is a direct daughter of our old Roan Queen that started our best, easiest keeping family. I'd call Fairy Lady plenty good. She is the dam of Ceremonious Fairy, that good heifer that placed third to Charlie Griffin's two beauties at the recent state sale. She sells with a cute little heifer at foot, born August 7, and will be rebred. The breeding date and service sire will be announced sale day. Here's a fine 3-in-1 opportunity.

Roan Lady 4th—One of the best polled cows in our herd. The kind we would be keeping if it were possible. We don't see her equal in very many herds. And since she is a member of our Red Lady tribe, I value her even more highly. The footnotes on these Red Lady cows will get tiresome, as they are all alike. So read the footnotes on all this family, and every good thing said about them will apply to this cow. She was bred for an early calf to Ceremonious Confessor, Lot 1. Bred May 22, 1945.

Roan Lady 2d—Anyone wanting a show cow for their herd next year better look this one over. She is a perfect block, very short legged, very thick, wide backed, with loads of quality. She has a sweet head and nicely curved, thin horns. She is a direct daughter of old Roan Queen, which speaks volumes for this cow. Roan Lady is a good producer, as the bull calf selling in this sale will testify.

Sire—Ceremonious Confessor 2d x2172721 (Lot 2).

Dam—Roan Lady 2d 2082628 (Above).

A thick, short legged calf that everyone will like. He is built just like his mother, and is good enough to go into any herd, anyplace. We could go on and tell you all about him, but just wait and see for yourself.

A real calf that will give you all something to think about. Quite an advertisement for the producing ability of his dam. If you like your bull rugged, growthy, yet thick and short legged, you will want this one. Quite an order for one bull to fill, but see if you don't think this one does a pretty good job.

Augusta 88th—Here's a place for pedigree fans to enjoy themselves. Isn't this a pretty Lady Cathcart Augusta? The Polled breeding at the top of the pedigree is right too. This is a big rugged heifer that is an exceptionally good milker. She can make a lot of money. Bred to Ceremonious Confessor July 27.

Maehill Missie—There is probably more good breeding in this family of Missies than any group of cattle offered this year, in either horned or polled sales. She belongs to the Edgcote Missie family, and note the great bulls in the pedigree. There isn't a poor breeder on either side of the family. This cow is a little old, but she is holding up well, and should be able to raise a lot more calves. There won't be many opportunities to buy cattle bred like these are. This cow bred to Ceremonious Confessor August 2, 1945.

Lot 21, Bull**CEREMONIOUS TELLER**

Dehorned. Calved July 19, 1945, roan.

Sire—Ceremonious Confessor x1970075 (Lot 1).

Dam—Maehill Missie 3d 1841934 (Above).

This is one of the best calves in the offering. He was born with horns and we took them off with paste. He will make a good herdsire, but if you have a boy or girl in clubwork, we would advise you to buy this calf and make a steer out of him. He would really make something for them to work with, be proud of, and win with.

Maehill Missie 4th—Another of those beautifully bred Edgecote Missies. If you don't buy one now, you may never have the chance again. This cow is a twin to the one before her, only she is a little younger. These cows have never been pampered and have spent their lives producing calves, so don't expect to see anything fancy, just good working cows.
